Bosch: Your Partner for Project Business

By offering built-in appliances that excel in terms of quality, function and design Bosch is your competent partner. After all, quality engineered in Germany is in demand right across the world.

Bosch appliances perfectly combine highest quality and energy efficient products with contemporary European design. Bosch is able to supply a kitchen with appliances ranging from ovens to kettles or coffee machines.

A premium appearance and long term value retention are key characteristics of the brand, providing quality you can see and touch.

red dot award: product design
Since 1955, the Design Zentrum Nordrhein Westfalen has been marking outstanding international product design with its famous dot. Manufacturers and designers of a wide variety of industrial products can enter their work all year round in eleven product groups for the coveted red dot award.

iF product design award
The iF product design award is one of the world's three leading design awards and can look back proudly on a 50-old-year history. Every year some 2,000 products from around 37 nations are judged by renowned experts, with the best of them receiving an iF seal of outstanding design quality.

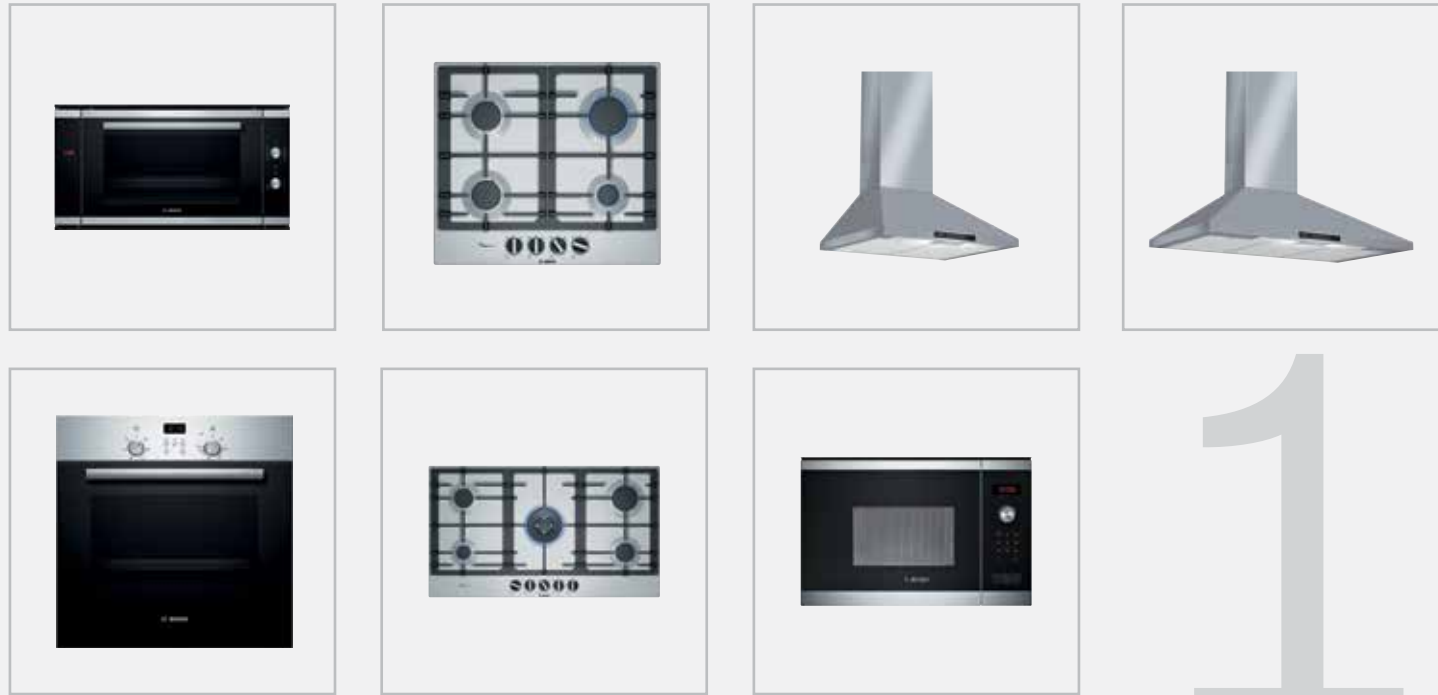

Sustainability
The Green Technology inside signet stands for the resource-efficiency of our products – quite simply, a BSH products reflect environmental consciousness.

Customise your own Appliance Set

We have developed a series of options that showcase different set combinations from our range of ovens, hobs, extractors, dishwashers, laundry and refrigeration. Create your own custom configuration or select a package from the combinations listed.
