The future moving in.

Siemens Home Appliances

Home Connect.

The future within your hands. Manage your Wi-Fi enabled Siemens home appliances from wherever you are.

Personalise your home with Siemens Home Appliances

A life next level at your fingertips! With Siemens' latest technologies, you can spend time doing what you want rather than what you have to do. A full range of Wi-Fi enabled Siemens home appliances is now paving the way towards a seamless life both in and outside your home. With Siemens and the Home Connect App, you can control your home appliances from wherever you are via your smartphone or tablet. Be on top of the world today and exceed all expectations with intelligent connections that let your world grow.

What can your smart fridge do for you? Let you check what's inside it from wherever you are!

At the supermarket and don't know what grocery you're missing at home? Connect to your Home Connect App on your smartphone and view what's inside your fridge at home through the 2 built-in cameras. Thanks to this feature, you don't even have to have a shopping list in hand or worry you'd miss an item while shopping again.

Let your mobile choose the best programme for your clothes.

By using the Home Connect Easy Start Guide, the App chooses the perfect programme for your smart washing machine according to garment, color, material, degree of soiling and personal preferences: saving time, energy and effort.

You can easily start by connecting to your washing machine via Wi-Fi through this Remote Control application. In addition, you will be able to know the status of the programme in progress and the remaining time.

Get free 7-piece Tramontina cookware set with every 90cm cooker purchase.

Better Life & Siemens.

Better Life Appliances and Accessories, one of the enterprises of the Easa Saleh Al Gurg Group, is the exclusive specialist home appliances company in the United Arab Emirates.

Better Life has a long-standing association with Siemens and is the exclusive distributor in Dubai and the Northern Emirates. Being proactive in the changing requirements of the customer, the company pioneered the concept of built-ins much ahead of the market, and has driven the change in consumer behaviour from free-standing appliances to built-in appliances. This, on top of its impressive display of free-standing and small domestic appliances.

Retail Division

Better Life provides excellent customer service in their showrooms, giving a world-class retail experience. The ambience of the stores is premium, where customers make informed and empowered choices, with the help of highly trained and knowledgeable staff.

The customers have the flexibility to choose products that match their needs and lifestyles.

Project Division

Trusted for its commitment to quality, reliability and optimum service, Better Life has partnered with leading real estate developers, institutions and kitchen dealers servicing numerous prestigious projects in the region. Better Life provides complete solutions to kitchen requirements, bringing to life the vision of the project.

Distribution Division

Better Life is the leading supplier and preferred vendor for all hypermarkets, power retailers, supermarket chains and dealers.

Customer Care

Better Life values customers by providing the best after-sales service with full-fledged mobile service vans and service centres in the UAE. Customer service representatives ensure that complaints are addressed within 24 hours of registration.

Better Life will be launching a 24/7 hotline number, providing prompt and accurate solutions to its customers. Further system and process upgrades are underway as per international service quality benchmarks.

Better Life is the only retailer to offer delivery services on Friday and Saturday.
