# Buyer's guide

2023 Edition 1

Siemens Home Appliances

# The future moving in

Siemens is the great, innovative technology brand in the home appliances sector. The name stands for outstanding engineering achievements, characterised by creativity, perfection and precision. For more than 160 years now, these values have shaped the Siemens brand and provided the basis for a continuous flow of innovations, which have constantly improved people's lives.

Siemens is proudly the No.1 home appliance brand in Germany. This is no accident. It is a testament to the ability of Siemens to evolve with customer needs and changing lifestyles, and to provide innovative and forward thinking appliances.

# Siemens buying guide

## Step 1

### Ovens

#### Why Siemens?

- varioSpeed
- pulseSteam
- activeClean®
- coolStart

## Step 2

### Cooktops

#### Why Siemens?

##### Induction

- flexInduction®
- TFT-Touchdisplay
- Innovative inductionAir flexInduction®

##### Gas

- stepFlame®
- High powered wok burners
- Dishwasher proof pan supports

#### **varioSpeed: 100% taste in up to 50% less time.**

Siemens ovens with integrated microwave make time management truly flexible. By activating the microwave to complement selected heating programs, you can speed up the preparation of even the most sophisticated dishes by up to 50%, without losing any of the flavour or goodness.

#### **activeClean® (pyrolytic cleaning).**

Siemens activeClean® heats the oven interior to a very high temperature of approximately 480°C, turning all residue to ash through a process called 'pyrolytic', the contents are then easily wiped away. For even more convenience, selected Siemens ovens feature pyrolytic proof telescopic rails, eliminating the hassle of having to remove interior fittings and washing them by hand.

#### **Full colour touch display controls.**

The TFT-Touchdisplay allows you to operate the cooktop with ease, thanks to the bright colour display, touch navigation and intuitive menu structure. Meal setting recommendations leave more of the thinking to the cooktop, whilst a constant overview of the cooktop's status puts the user in full command.

#### **For crispy crusts and juicy roasts.**

When food needs browning or crisping, the injection of steam alongside hotAir is the technique of choice for the most desirable results. With pulseSteam, you can prepare perfectly crispy and juicy dishes simply and efficiently, whilst the full-size cavity models provide even more freedom and flexibility.

#### **Flexible cooking zones for creative cooking.**

Siemens flexInduction® cooktops can behave as traditional induction cooktops with three or more separate zones. But choose to link the zones together to form one or more rectangular surfaces, and the real magic begins.

#### **Precise flame control with 9 levels.**

With the ground breaking technology of stepFlame®, the first time you find the ideal setting for your dish, is the last time you'll need to think about it. stepFlame® technology allows you to select from nine different flame levels to precisely adjust the flame height, giving you consistent and reliable results every time.

# Find the perfect companion for your Siemens oven

## Step 3

### Rangehoods

#### Why Siemens?

- iQdrive
- climateControl Sensor
- Silent and powerful performance

## Step 4

### Dishwashers

#### Why Siemens?

- varioSpeed
- Extra Space 3rd Rack

## Step 5

### Refrigeration

#### Why Siemens?

- hyperFresh premium 0°C
- superCooling / superFreezing

#### Powerful, efficient and quiet: iQdrive brushless motor.

Driving our rangehoods is the iQdrive: a high-performance magnetic motor that is the most economical, durable and fastest ever built by Siemens. The brushless mechanism enables it to remain cool – eliminating energy loss and faults typically caused by frictional heat – and also makes it remarkably quiet.

#### Let the rangehood decide.

No need to adjust or regulate power levels. An intelligent sensor automatically adjusts the rangehood power level to the steam and odours, for more effective and efficient extraction.

#### Perfect results, 50% faster.

Ever needed your dishes cleaned quickly, forgotten to put the dishwasher on in the morning, or simply needed clean plates before your guests arrive? varioSpeed is the perfect time saver, giving you the flexibility to speed up your wash so you can spend time on more important things. Ideal when you need your cutlery and plates in a hurry, just press the varioSpeed button in conjunction with your desired program\* to save up to 50% of wash time without any compromise on results.

\*With the exception of Quick Wash 29min (45°C) and Quick Wash 60min (65°C) programs.

#### A third basket for more space.

The Extra Space 3rd Rack basket is an additional basket providing 25% more space, perfect for odd spaced items such as mixer attachments, cups and utensils.

#### Keeps it fresh up to three times longer.

Fresh ingredients are essential when cooking, this is why Siemens refrigerators offer the ideal conditions for keeping food fresh. Our innovative 0°C hyperFresh premium zone keeps items fresh up to three times as long. The various hyperFresh premium zones create the perfect climate – temperatures close to 0°C and the right humidity, dry for fish and meat or humid for fruits and vegetables. Your foods stay fresh and retain their vitamins and nutrients longer.

#### superCooling and superFreezing.

The superCooling and superFreezing functions prevent increases in internal temperatures that can result from adding new contents to the fridge and freezer respectively. This ensures existing contents are uncompromised. Once an even temperature within the fridge or freezer is re-established, the device will automatically reset to normal cooling or freezing status.

# Say hello to the future

With the Home Connect App, you can control your Wi-Fi enabled Siemens home appliances via your smartphone. Integrate your appliances with one of the growing network of partner services that turn your house into a connected home, and let connectivity redefine the everyday.

## Remote controlling and monitoring

Ever left the house only to go back to check that you've turned off the oven? With Wi-Fi enabled Siemens cooking appliances and the Home Connect App, you can monitor and control the status of your appliance directly from your phone.

## recipeWorld

Cooking at a professional level has never been easier, with an extensive selection of recipes in your Home Connect App. Once you have picked your favourite one, you can transfer the ideal settings directly to your oven, and even remotely start the heating process. Time to enjoy convenient cooking and delicious meals.

## coffeeWorld and coffeePlaylist

Control your coffee machine with any smart device. Try coffeeWorld, the tech that offers an additional variety of international coffee specialities on your machine. Or use coffeePlaylist to put multiple beverages into a list and prepare them one after another.

#### **voiceControl\***

Enjoy the party instead of running around in the kitchen by using Home Connect to connect your smart speaker to your Wi-Fi enabled Siemens appliance. Why not ask your coffee machine to prepare a cappuccino, or ask your oven "When will dinner be ready?".

You will be required to install Home Connect partner apps to use these functionalities.

\*Functionality of voiceControl varies by ecosystem.

# Oven and compact highlights

Feature	Description	Benefit	Models
 <b>varioSpeed</b>	varioSpeed combines microwave power of either 90, 180 or 360W with a regular oven function to drastically reduce cooking time. The technology of microwave saves time during the cooking process while the addition of conventional heating functions retains the browning, crisping, baking or roasting effect you would expect – without compromising results. varioSpeed works with 4D hotAir, hot air grilling, top/bottom heating and grill.	<ul style="list-style-type: none"> <li>Combine traditional fan forced setting with microwave featuring quality results in up to 50% less time.</li> <li>For quick and easy meals in less time without sacrificing results.</li> <li>Two in one appliance to save you counter space (oven and microwave).</li> <li>Perfect for space saving and smaller kitchens.</li> </ul>	<b>60cm Full Size Ovens</b> HN978GQB1B      HM976GMB1B  <b>45cm Compact Ovens</b> CM976GMB1B      CM924G1B1B
 <b>coolStart</b>	coolStart condenses the cooking process into a single session by eliminating pre-heating, by taking the longest time and temperature on the product, making frozen food preparation faster than ever. Just place your frozen convenience food in the oven, and go.	<ul style="list-style-type: none"> <li>No more pre-heating your oven.</li> <li>No need for thawing.</li> </ul>	<b>60cm Full Size Ovens</b> All models  <b>45cm Compact Ovens</b> CS958GCB1      CM976GMB1B
 <b>pulseSteam</b>	The pulseSteam function adds a little bit of moisture from time to time while a heating/cooking function is being used. pulseSteam works with 4D hotAir, hot air grilling, top/bottom heating and keep warm. Steam is injected into the oven cavity near the fan in the rear wall to ensure even distribution. You can simply set the oven to automatically add steam, or you can add steam manually and regulate its intensity (Low - Med - High).	<ul style="list-style-type: none"> <li>Ideal for reheating, proving dough, baking or roasting – get crispy skins and tender meat.</li> <li>pulseSteam helps retain moisture and deliver professional results.</li> </ul>	<b>60cm Full Size Ovens</b> HN978GQB1B      HS958GDD1S HS958GCB1      HR976GMB1A  <b>45cm Compact Ovens</b> CS958GCB1
 <b>fullSteam</b>	Full featured 3 in 1 oven. 100% pure steam cooking, in increments of 1 degree. No cooking/heating function used during this process. Full-featured conventional oven. Plus all the extra features of pulseSteam. Steam is injected into the oven cavity near the fan in the rear wall to ensure even distribution.	<ul style="list-style-type: none"> <li>Healthier cooking by locking in food's nutrients, flavour and colour with pure steam cooking.</li> <li>Perfect for reheating and regenerating food.</li> <li>Convenient cleaning with ecoClean® function, plus drying function for residual moisture.</li> </ul>	<b>60cm Full Size Oven</b> HS958GDD1S      HS958GCB1  <b>45cm Compact Ovens</b> CS958GCB1
 <b>fullSteam Plus</b>	The fullSteam Plus function gives you the ability to steam above temperatures of 100°C to a max of 120°C. This is achieved by introducing the use of the rear element during the cooking process.	<ul style="list-style-type: none"> <li>Can finish dishes up to 55% faster than the standard 100°C whilst also preserving your vegetables fresh colours and retaining beneficial vitamins.</li> <li>Less condensation inside the oven cavity makes for easier cleaning.</li> </ul>	<b>60cm Full Size Ovens</b> HS958GDD1S      HS958GCB1  <b>45cm Compact Oven</b> CS958GCB1
 <b>Integrated camera</b>	This integrated AI controlled camera is steam, pyrolytic and microwave proof. Located in the top left rear of the oven cavity. In conjunction with the Home Connect App you can view what is cooking in your oven.	<ul style="list-style-type: none"> <li>No need to stand in front of your oven to wait until it achieves its perfect browning level.</li> <li>Sit back and relax while getting updated photos of your food being cooked.</li> <li>Save photos and videos and share with friends and family.</li> <li>View your food inside the oven from anywhere via the Home Connect App.</li> </ul>	<b>60cm Full Size Ovens</b> HN978GQB1B

Feature	Description	Benefit	Models
	<b>Individual Browning</b> <p>Make sure your meals are perfectly browned. Individual Browning uses artificial intelligence in conjunction with an integrated camera to automatically produce the desired amount of browning from five different levels. While your food is baking, the integrated camera keeps checking on your chosen level. When your dish is ready, the oven turns off automatically and sends you a notification that your preferred browning level is reached.</p>	<ul style="list-style-type: none"> <li>• Cook foods such as bread rolls, lasagna and pizza based upon your preference on a 5 level browning option.</li> <li>• Achieve consistent cooking results based on your personal preference.</li> </ul>	<b>60cm Full Size Ovens</b> HN978GQB1B
	<b>Sous-vide</b> <p>The sous-vide heating function brings out the intense flavour of your best ingredients, simply vacuum-seal your meat, fish and vegetables in an airtight plastic bag and the program will take care of the rest.</p>	<ul style="list-style-type: none"> <li>• Keeps the steam at a constant low temperature for longer, maintaining the moisture and texture of your food without overcooking it.</li> <li>• Achieve more intense flavour from your ingredients.</li> <li>• Achieve a gourmet cooking result.</li> </ul>	<b>60cm Full Size Oven</b> HS958GDD1S      HS958GCB1 <b>45cm Compact Ovens</b> CS958GCB1
	<b>4D hotAir</b> <p>Our iQdrive brushless motor is quiet and durable. It ensures the fan rotates clockwise and anti-clockwise, alternating every 3 minutes. This distributes heat from the rear wall heating element evenly around the cooking compartment.</p>	<ul style="list-style-type: none"> <li>• Remove the hesitation of which shelf level to use for the best cooking results.</li> <li>• Simultaneous cooking on up to 4 levels. (For best results cooking on 4 levels use 4 wire racks)</li> <li>• When cooking with one tray, you can place it anywhere in the oven and you will achieve same results on any level.</li> </ul>	<b>60cm Full Size Ovens</b> HB976GMB1A      HM976GMB1B HR976GMB1A      HS958GCB1 HS958GDD1S      HN978GQB1B
	<b>Meals</b> <p>All the hard work just got easier with cookControl Pro. Experience the thrill of having all dishes perfectly prepared with our pre-installed automatic baking and roasting programs. You will never have to worry about ruining dishes again. Simply choose your desired dish on the clear touch display and let your intelligent oven take care of the rest.</p>	<ul style="list-style-type: none"> <li>• Suggested settings for a wide variety of baking, roasting and grilling dishes while allowing you to manually adjust to your needs.</li> <li>• Take the guess work out of which heating mode, temperature and cooking time is required to achieve the best results.</li> <li>• Information is provided to offer guidance, for example on cookware, shelf position or the addition of liquid when cooking meat.</li> </ul>	<b>60cm Full Size Ovens</b> All models <b>45cm Compact Ovens</b> All models
	<b>bakingSensor Plus</b> <p>A patented technology, the baking sensor will select the optimal settings, consistently measuring the moisture level of your dish and automatically adjusting the entire baking process. An audible signal will sound and the appliance will switch off once the dish is cooked. You will never have to set the time, temperature or function again, baking sensor has it all under control.</p>	<ul style="list-style-type: none"> <li>• Fully automatic baking for a wide range of pastry, cakes, biscuits, breads etc.</li> <li>• Use with recipes you have had for 20 years or new recipes you want to try. No more monitoring, skewer tests or guess work.</li> </ul>	<b>60cm Full Size Ovens</b> HN978GQB1B      HS958GDD1S
	<b>AirFry</b> <p>The new AirFry feature uses fast air movement and heat from the grill to create meals that have a crispy exterior and soft interior, with hardly any oil. It's no secret that frying can be messy and a risk to your health. Experience a healthier and safer way of frying on a wide range of foods like crunchy french fries or crispy chicken wings.</p>	<ul style="list-style-type: none"> <li>• Cook up to 300°C.</li> <li>• Healthier &amp; crispier results without added oil.</li> <li>• Quicker cook times while still achieving the same results.</li> </ul>	<b>60cm Full Size Ovens</b> HB974G2B1A      HB976GMB1A HR976GMB1A

# Oven and compact highlights

Feature	Description	Benefit	Models
 <b>roastingSensor Plus</b>	<p>Through 3 highly sensitive measuring points, the roastingSensor Plus meat probe uses the lowest temperature reading to determine the core temperature of your roast to ensure perfect roasting results. Simply set the core temperature you based on the result you would like e.g. 62°C for medium rare beef.</p>	<ul style="list-style-type: none"> <li>• Get perfect results every time. Just like a professional chef, but with total ease.</li> <li>• Use with red meat, poultry, fish and stuffed meats.</li> </ul>	<p><b>60cm Full Size Ovens</b>            HB976GMB1A      HM976GMB1B            HR976GMB1A      HS958GCB1            HS958GDD1S      HN978GQB1B</p> <p><b>45cm Compact Ovens</b>            CS958GCB1      CM976GMB1B</p>
 <b>activeClean®</b>	<p>activeClean® pyrolytic cleaning superheats the oven to approximately 480°C, which burns off any deposits from baking, roasting and grilling.</p> <p>3 levels of pyrolytic cleaning</p> <p>Stage 1: 75 minutes*</p> <p>Stage 2: 1.25 hours*</p> <p>Stage 3: 2 hours*</p> <p>*cleaning period only</p>	<ul style="list-style-type: none"> <li>• Self cleaning oven leaving only a residue of fine ash that's easily removed with a damp cloth, no chemicals required.</li> <li>• Quadruple glazed door – four layers of glass keep outside door cooler to the touch making it safer for small children.</li> <li>• Just set the program and you can walk away, the oven is locked during the cleaning process and will automatically switch off once cleaning is complete.</li> <li>• For even more convenience, pyrolytic ovens feature pyrolysis proof rails, eliminating the hassle of having to remove interior fittings and washing them by hand.</li> </ul>	<p><b>60cm Full Size Ovens</b>            HN978GQB1B      HR976GMB1A            HM976GMB1B      HB976GMB1A            HB974G2B1A</p> <p><b>45cm Compact Ovens</b>            CM976GMB1B</p>
 <b>ecoClean®</b>	<p>A patented technology, the self-cleaning surfaces (back wall, ceiling and side walls – varies by model) are coated with a special porous, matt ceramic material. This coating absorbs and breaks down splashes from baking, roasting and grilling while the oven is in operation. All you need to do is wipe down the base of the oven and the inside of the glass door (prior to cleaning function). For added convenience, an hour counter for the cleaning function runs in the background. The trigger time is based on average usage values (including time and cooking method).The oven then indicates when cleaning is recommended.</p>	<ul style="list-style-type: none"> <li>• The unique ecoClean® surfaces absorb fat and grease residue keeping the ecoClean® surfaces inside of the oven clean.</li> <li>• A recommendation on when to run the ecoClean® program. (You can also run the cleaning system at any time.)</li> <li>• Last the lifetime of the appliance.</li> </ul>	<p><b>60cm Full Size Ovens</b>            HS958GDD1S      HS958GCB1</p> <p><b>45cm Compact Ovens</b>            CS958GCB1</p>
 <b>TFT-Touchdisplay Pro</b>   <b>TFT-Touchdisplay Plus</b>   <b>TFT-Touchdisplay</b>	<p>With its user-friendly menu structure, smooth touch navigation and a large, high contrast colour display that is easy to read from any angle, the TFT-Touchdisplay, TFT-Touchdisplay Plus and TFT- Touchdisplay Pro allows you to operate your oven easily and comfortably. The intuitive guidance through the extensive menu helps you to get the most from your oven. Everything you like is just a swipe and touch away.</p>	<ul style="list-style-type: none"> <li>• Easy to operate with large touch screen.</li> <li>• Intuitive navigation.</li> <li>• Easy to read thanks to the large clear text and full colour display.</li> <li>• Elegant food imagery and digital sound.</li> </ul>	<p><b>TFT-Touchdisplay Pro:</b>            HS958GCB1      HS958GDD1S            HN978GQB1B      CS958GCB1</p> <p><b>TFT-Touchdisplay Plus:</b>            HR976GMB1A      HM976GMB1B            HB976GMB1A      CM976GMB1B</p> <p><b>TFT-Touchdisplay:</b>            HB974G2B1A      CM924G1B1B</p>

# Gas cooktop highlights

Feature	Description	Benefit	Models
 <b>stepFlame®</b>	9 levels of precisely controlled flame height, with each level increasing the flame height by small increments.	<ul style="list-style-type: none"> <li>Simply note which number you use and the resulting heat will be exactly the same every time.</li> <li>Take the guess work out of gas cooking.</li> <li>Adapt the flame to suit all your favourite dishes.</li> <li>The traditional cooking of gas with the control of induction cooking.</li> </ul>	All models
 <b>LED display</b>	The black glass models feature an LED display which clearly shows the selected flame level. Once switched off, the residual heat indicator is displayed.	<ul style="list-style-type: none"> <li>Keep your eyes on the food, not the flame.</li> <li>Easy to read settings for peace of mind.</li> </ul>	ER9A6SD70A ER3A6AD70A
 <b>Residual heat indicator</b>	'Off' and 'cold' aren't the same thing. The residual heat indicator shows the 'H' when you definitely don't want to touch your cooktop, while the 'h' appears when the cooktop has nearly finished cooling down.	<ul style="list-style-type: none"> <li>Save those fingers from getting burnt.</li> <li>Know when its safe to clean your cooktop after cooking.</li> </ul>	ER9A6SD70A ER3A6AD70A
 <b>Dishwasher proof pan supports</b>	A special enamelled coating on the pan supports allows them to be cleaned in the dishwasher instead of being cleaned by hand.	<ul style="list-style-type: none"> <li>Save time and effort on cleaning.</li> </ul>	ER9A6SD70A ER3A6AD70A
 <b>Dual flame wok burner</b>	Siemens gas cooktops now feature wok burners delivering up to 22 MJ/h of power. With our stepFlame® technology, our dual flame wok burners will automatically control the inner and outer flames for the ideal heat based on the power level selected. When using power levels 1-3 only the inner burner is activated, then power levels 4-9 activate the outer burner as well.	<ul style="list-style-type: none"> <li>Always find the right amount of flame to suit every dish and pot size.</li> </ul>	ER9A6SD70A ER3A6AD70A EC9A55B90A* *19.5 MJ/h
 <b>Flame failure</b>	Siemens gas cooktops are equipped with a flame failure safety device which cuts off the gas supply to an individual burner, should the flame be accidentally extinguished.	<ul style="list-style-type: none"> <li>Provides peace of mind and a safe working space.</li> </ul>	All models

# inductionAir flexInduction® cooktop

## A truly open plan kitchen.

The new Siemens inductionAir cooktop opens up a new world of possibilities when designing an open plan kitchen. The revolutionary downdraft ventilation is the perfect solution for a truly open plan kitchen with a working island bench. Having the steam being ventilated down through the cooktop eliminates the need for an overhead rangehood, leaving the view from the island bench unobstructed. This also means that the extraction is no longer happening at ear level, allowing conversations to continue while cooking.

### Key benefits:

- Two in one unit (cooktop and rangehood).
- Perfect solution for working island benchtops.
- Style and design of kitchen does not need to be compromised anymore, keep the open plan view.
- Ventilation noise no longer at ear level, enjoy your time in the kitchen without frustrations of overhead rangehoods.
- Easy to clean: Liquid tray to capture spills protect the integrated ventilation while all parts are dishwasher proof for convenient cleaning.
- Multiple installation solutions.
- Space in cabinetry below cooktop – don't lose precious space for large ventilation units.

### EX875LX67E

iQ700 studioLine  
80cm inductionAir flexInduction® cooktop

### DESIGN

Black ceramic glass with faceted front

Stainless steel side profile

### FEATURES

4 cooking zones convertible to 2 x flexZones

17 Power settings with powerBoost

LED display with dual lightSlider controls

Home Connect

Child lock

climateControl sensor

622m³/h\* maximum extraction rate

17 power levels + 2 intensive settings with auto-reset

42 / 69dB (min / max)

IQdrive brushless motor

### CLEANING

Easy clean ceramic glass

\*Measured according to EN61591; suitable for ducted extraction or recirculation (accessory is respectively required).

Installation kit for unducted recirculated extraction (HZ9VRUD0) included, additional installation options possible.

For more information please see inductionAir flexInduction® brochure.

# Rangehood highlights

Feature	Description	Benefit	Models
 <b>cookConnect System</b>	<p>The cookConnect System allows the cooktop and rangehood to communicate with one another and act as one unit. Various functions of your Siemens rangehood can be operated directly via the cooktop.*</p> <p><small>*cookConnect System is compatible with the following cooktop EX875KYW1E. cookConnect System is only compatible with the 90cm wall mounted canopy and TFT-Touchdisplay induction cooktops, not LED display models</small></p>	<ul style="list-style-type: none"> <li>• Quick and easy operation of your rangehood via the cooktop.</li> </ul>	LC91BUV50A
 <b>iQdrive</b>	<p>In contrast to conventional motors, the iQdrive works with a brushless motor eliminating mechanical stress, friction and wear.</p>	<ul style="list-style-type: none"> <li>• Exceptionally quiet.</li> <li>• Energy efficient.</li> <li>• Powerful.</li> <li>• Reduced friction and wear.</li> </ul>	LC91BUV50A EX875LX67E
 <b>climateControl Sensor</b>	<p>Sensor controlled system monitors steam and odours to adjust the ventilation power level automatically.</p>	<ul style="list-style-type: none"> <li>• Auto ventilation self adjusts to your cooking style and dish.</li> <li>• Ventilation power setting can be overridden manually.</li> </ul>	LC91BUV50A EX875LX67E
 <b>Extraction rate</b>	<p>A rangehood extraction rate helps you determine how effective a rangehood is at removing smoke and cooking fumes. Traditionally it is perceived the higher the extraction rate, the more powerful the rangehood is. <b>However</b>, size of the kitchen and type of cooking will determine the best extraction rate required – optimal efficiency and noise level.</p>	<ul style="list-style-type: none"> <li>• Removal of steam, smoke, grease and odours.</li> <li>• Optimal extraction and noise level.</li> </ul>	All models
 <b>Intensive</b>	<p>The intensive setting gives an additional boost to the extraction level when required, for example, when stir frying. Because intensive power is only required for a short period of time the rangehood will automatically revert to the a lower setting after a few minutes.</p>	<ul style="list-style-type: none"> <li>• Additional burst of power for a stronger extraction rate when required, for example, when stir frying, rapid boiling or frying.</li> <li>• Automatic revert to lower setting.</li> </ul>	All models
 <b>dB(A) Decibel</b>	<p>Siemens rangehoods are highly efficient and exceptionally quiet. However, the noise you hear from a rangehood isn't just from the appliance itself – the length and type of ducting used, and the surrounding room size can also affect the noise level.</p>	<ul style="list-style-type: none"> <li>• Quiet operation without interruptions to conversations, entertaining and watching TV.</li> </ul>	LC91BUV50A (45min / 73max dB(A)) LB89586AU (41min / 70max dB(A)) LB57574AU (50min / 70max dB(A)) EX875LX67E (42min / 69max dB(A))
 <b>Dishwasher proof</b>	<p>For maximum extraction efficiency and convenience, all Siemens rangehood filters are dishwasher safe. For added convenience an illuminated light or symbol (depending on the model) indicates when the filter needs cleaning.</p>	<ul style="list-style-type: none"> <li>• Keep filters operating at maximum efficiency with easy and convenient cleaning.</li> </ul>	All models
 <b>Saturation indicator</b>	<p>For maximum extraction efficiency, the electronic saturation display shows when the filter needs cleaning. For hassle free cleaning the one-piece filter can be loaded into your Siemens dishwasher.</p>	<ul style="list-style-type: none"> <li>• Rangehood always operates at high performance and alerts you when cleaning is required.</li> </ul>	LC91BUV50A LB89586AU
