

The background of the entire page is a photograph of a modern kitchen. It features dark wood-grain cabinetry and three built-in Siemens appliances: two ovens and a central unit with a glass door. On the dark countertop in the foreground, there are two small potted plants and two small bowls. The lighting is soft and focused on the appliances.

Siemens Home Appliances

A global leader in design and technology for the home

For more than 170 years, Siemens has transformed intelligent technology into meaningful innovation. Today, that pioneering spirit continues through home appliances designed to make everyday life more intuitive, efficient and effortless.

From intelligent cooking and connected appliances to advanced automation, Siemens combines sophisticated design with technology that works beautifully in the modern home.

5 year
warranty

As a sign of the confidence we have in the quality, reliability and performance of our products, all Siemens kitchen appliances come with a 5 year warranty on parts and labour.

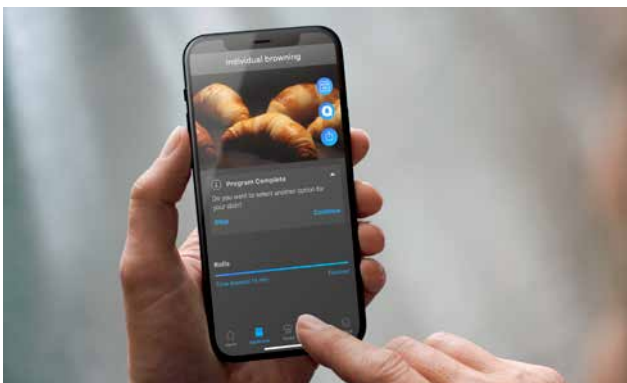

#1

Siemens is proudly the No.1 home appliance brand in Germany*. This is no accident. It is a testament to the ability of Siemens to evolve with customer needs and changing lifestyles, and to provide innovative and forward thinking appliances.

Say hello to the future

With Home Connect, Siemens appliances become part of your connected home. Control and monitor compatible appliances remotely, access intelligent services and enjoy technology designed to make everyday life easier.

Remote control and monitoring.

Ever left the house only to wonder whether you turned off the oven? With Wi-Fi-enabled Siemens appliances and the Home Connect app, you can monitor and control your appliance remotely.

voiceControl.

Enjoy greater freedom in the kitchen by connecting your Wi-Fi-enabled Siemens appliances to your smart speaker through Home Connect. Preheat the oven, prepare a cappuccino or simply ask, "When will dinner be ready?"

You will need to install Home Connect partner apps to use these functionalities.

Intelligent cooking.

An integrated camera and AI recognise over 100 dishes and suggest the ideal cooking program, while Individual Browning delivers your preferred golden finish. The technology continuously learns, helping your favourite meals turn out just the way you like them.

Intelligent heat control.

fryingSensor automatically maintains your chosen pan temperature by adjusting the power as you cook. You can sauté, simmer and reduce with confidence—without worrying about burning your dish.

60CM OVENS

HN978GQM1

iQ700 Pyrolytic Oven with pulseSteam and Microwave in Matte Finish
