PureDry™ vs CrystalDry®

PureDry® delivers gentle, energy-efficient drying without a heating element. CrystalDry™ goes further, transforming moisture into heat for exceptionally dry dishes, even plastics.

Flush Fit

Designed to fit seamlessly into standard kitchen cabinetry, Bosch Flush Fit dishwashers install flush for a clean, built-in look without sacrificing performance.

AutoAir™

AutoAir™ automatically opens the door at the end of the cycle, allowing fresh air to circulate and moisture to escape for drier dishes.

PowerControl™ Spray Arm

PowerControl™ enhances PrecisionWash® by targeting your dirtiest dishes with an intensive clean, wherever they're loaded on the bottom rack.

More Than Just A 3rd Rack

Bosch 3rd racks add flexibility and up to 30% more loading area,* giving utensils, serving tools and small bowls a dedicated place.

*Compared to Bosch dishwashers with two racks.
