When using microwave modes, <u>DO NOT</u> operate the oven empty.

COOKSMART™

COOKSMART combines convection heat and microwave energy to cook food in approximately one-half the conventional cooking time.

Always preheat oven when using CookSmart modes. Refer to manual cooking charts for more information, including rack positions, (*Pages 14 – 31*).

To Use the CookSmart mode:

1. Touch **COOKSMART**.

2. Touch number pad (1, 2, 3 or 4) to enter the desired food category.

3. Touch **COOK TIME**.

4. Touch the number pads to enter the minimum conventional cooking time.

   NOTE: **Set the time in hours and minutes.**

5. Touch **START** to begin preheating oven and to automatically reduce cooking time.

6. When preheat signal beeps, place food in center of oven and touch **START**.

7. To interrupt the mode to stir or check the doneness of the food, touch **PAUSE/RESUME**. To restart after interruption, touch **PAUSE/RESUME**.

8. To cancel before the cooking time ends, touch **OVEN OFF**.

- **To set the Microwave mode,**

1. Touch MICROWAVE pad, power level preset for HI.

   To change the power level (%), touch a number immediately before touching COOK TIME.

2. Touch COOK TIME pad and then the number pads for amount of time.

   Tip: Set the time in minutes and seconds.

3. Touch START. To interrupt the mode to stir or check the doneness of the food, touch **PAUSE/RESUME.**

   To restart after interruption, touch **PAUSE/RESUME.**

   To end or cancel before the cooking time has expired, touch OVEN OFF.

- **To set the Micro Broil mode,**
  Tip: Do not preheat

1. Select BROIL pad.

2. Touch START.

3. Select MICROWAVE pad.

4. To change power level (%), touch number immediately before touching COOK TIME.

5. Select COOK TIME.

6. Touch number pad to enter cook time. (set time in minutes and seconds).

7. Touch START.

8. After cooking ends, touch OVEN/OFF
