Warranty Instruction

- 1. In accordance with the Consumer Protection Law of the People's Republic of China and the Provisions on Liability Concerning the Repair, Replacement and Return of Some Commodities, as an appliance purchased for household use this unit is protected from the date of purchase and receipt by a 2-year warranty for the complete unit. For household appliances purchased for production and business purposes, commercial, corporate and collective use or other purposes, the warranty period for the complete unit and spare parts is 3 months from the date of receipt unless otherwise specified in the contract.
 - The laws and regulations will take the prior when the company's warranty condition collides with any of them.
- 2. For appliances having defects that do not affect the product's performance or functionality and which are sold at reduced prices, the warranty period is the same, but the price-reduced part is not protected under warranty.
- 3. Within the warranty period, the user must furnish the valid receipt certificate, purchase invoice and warranty certificate defined by the manufacturer when requesting repairs under warranty. The warranty period starts from the date of purchase and receipt. If the receipt certificate is lost, the warranty period starts 7 days after the invoice date. If the receipt voucher and purchase invoices are both lost and valid information cannot be furnished, the warranty period starts 45 days after the date of manufacture.
- 4. The following cases are not covered by the free of charge repair and should be paid by the customer:
- Damage caused by improper transportation, installation, operation, maintenance and storage by customer.
- Damage caused by power supply on customer site less than 187V or more than 240V.
- Damage caused by unauthorized repair.
- Without valid purchase invoice or without relevant guarantee document.
- The model number on the purchase invoice or warranty certificate does not match the model number on the product or has been altered.
- Damage caused by force majeure.
- Out of warranty.
- 5. If the appliances are used under condition of improper power supply, water supply, temperature or humidity, the damage and loss are not covered by the free of charge repair and should be paid by the customer. Because the factors mentioned above is beyond the control of manufacturer.
