

Brief and handy:  
everything your  
dishwasher needs...  
  
Before using for the  
first time, read the  
operating instructions!

1

Adjusting the water softening system \*

Ask your water supply company what the water hardness is and enter this...  
  
\* Only before the first wash or if the water hardness has changed

| Water-hardness-value °E | Hardness range | mmol/l  | Setting value |
|-------------------------|----------------|---------|---------------|
| 0-8                     | Soft           | 0-1.1   | H:00          |
| 9-10                    | Soft           | 1.2-1.4 | H:01          |
| 11-12                   | Medium         | 1.5-1.8 | H:02          |
| 13-15                   | Medium         | 1.9-2.1 | H:03          |
| 16-20                   | Medium         | 2.2-2.9 | H:04          |
| 21-26                   | Hard           | 3.0-3.7 | H:05          |
| 27-38                   | Hard           | 3.8-5.4 | H:06          |
| 39-62                   | Hard           | 5.5-8.9 | H:07          |

Quickly done...

How to adjust

- Switch on the ON/OFF switch
  - Press **setup 3 sec.** button for 3 seconds.
- The display shows **Hxx** and **Set**
- Press the Start button until the correct water hardness level is set.
  - To store the settings, press the < button for 3 seconds.

Add special salt

Dissolves limescale (not necessary when set to 0!) ...

For optimal washing results

Open the lid.

Only fill the salt dispenser with water before the first wash.

Add special salt (never use detergent!).

Close the lid. Rinse immediately.

Add rinse aid

Gets it sparkling clean ...

For optimum drying results

Press marking 1, lift lid 2.

Add rinse aid.

Close lid. CLICK!

Add detergent

A lot of dirt, a lot of detergent ...

If required, open the cover (press button).

Attention: Combination products are not suitable for all programmes, follow manufacturer's instructions.

Pour detergent into the dry detergent dispenser only.

Slide cover shut, press. PLOP!

5

Switch on the appliance

6

Select programme

Quick, economical or intensive ...

Overview of programmes

This overview describes all the possible programmes. You can see which programmes your appliance offers from its control panel. The values given in the programme details are laboratory measurements compliant with European standard EN 60436. The consumption figures depend on the selected programme and additional functions. The programme duration will be different if the machine is short of rinse additive or the function is turned off.

\* half normal load

\*\* Suitable programme for running at night: it takes longer, but is extremely quiet.

You will find descriptions of possible additional functions in your instruction manual.

Start the programme Off we go...

8

Switch off the appliance Everything OK...

Maintenance and care

Filters  
... check,  
if required,  
clean.

Rotate  
filter cylinder,  
remove filter  
system ...

rinse  
under  
running  
water ...

insert ...

Screw on  
filter system  
NOTE  
MARK!

Cleaning waste water pump

- Pull out the mains plug.
- Remove filters and scoop out water.
- Lever off cover (A).
- Check area around the fan impeller for foreign objects.
- Click cover shut (B).
- Insert filters.

Spray arms  
... Remove  
blockages/  
deposits.

pull lower arm  
upwards ...

unscrew  
upper arm ...

clean spray nozzles  
under running water  
(if required  
use toothpicks) ...

insert  
lower arm ...

screw on upper  
arm tightly

Rectify small faults yourself ...

... because self-help is worth it!

For more information see the instruction manual

Cancel the programme ...

During the programme,  
press the  button for  
approx. 4 sec. (reset).

All displays light up,  
then "0:01" appears in the display  
"0:00" appears after the programme has finished

Load the appliance correctly ...

Insert dishwasher-proof tableware (roughly remove large remnants of jam,  
dairy products and meals without leaving residue from ash, wax,  
lubricating grease, paint, adhesive labels) as described in the instruction manual  
and check that the spray arms can rotate freely
