Warranty against rusting-through of the inner tub of dishwashers.

In addition to our appliance warranty, we provide a warranty against rusting-through of the dishwasher's inner tub (from the inside out) in accordance with the following terms and conditions. The conditions below, which describe the requirements and scope of our warranty performance, do not affect any warranty obligations of the seller arising from the purchase agreement with the end customer:

1. We provide a warranty against rusting-through of the dishwasher's inner tub (from the inside out) in accordance with the following terms and conditions (Nos. 2 through 7).
2. The warranty is for a period of ten (10) years, beginning with the delivery of the dishwasher to the first end user, provided the first end user registers the unit online within eight (8) weeks of the delivery. The unit must be registered over the Internet at www.siemens-home.com.au. The registration is possible only if the first end user agrees to the storage of the data entered by him or her. A printout of the warranty slip in connection with the original sales receipt showing the purchase and/or delivery data shall serve as the registration confirmation.
3. This warranty does not apply if the rusting-through of the inner tub (from the inside out) was caused by faulty use, use in a manner other than what is normal for home use, or disregard of the operating and installation instructions. This warranty shall be void if repairs or alterations were made by persons not authorized to perform such work.
4. We will at our sole discretion repair or replace the dishwasher with the same or an equivalent model at no charge at its place of installation. Replaced components will become our property.
5. Any warranty claim must be filed prior to claiming and having the warranty honoured by BSH as per item 2. To file a claim, the first end-user must contact BSH After-Sales on 1300 360 447. A printout of the warranty slip along with the original purchase receipt showing the purchase and/or delivery date and the product identification must be presented to an authorised BSH Service Provider as requested upon visit.
6. Any work performed under warranty shall neither extend nor renew the warranty period. The warranty period for installed replacement parts ends with the warranty period for the entire appliance.
7. Further or other claims (in particular claims for damages suffered beyond the appliance itself) are excluded insofar as liability is not mandatory by law.
8. The benefits to the consumer given by the warranty are in addition to other rights and remedies of the consumer under a law in relation to the goods or services to which the warranty relates. For products purchased in Australia our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
9. These warranty terms and conditions apply to appliances purchased in Australia.
