Air Fry & Grill tray

- Air Fry & Grill tray for perfect frying with hardly any oil.
- We recommend to add a baking tray in the lowest level, which is ideal for use as a drip tray for Air Fry and grilling.
- Air Fry: Turn your oven into an air fryer. It's a convenient and healthier way to enjoy traditionally fried dishes. The hot air flows evenly around the food on all sides for an optimal crispiness.
- Grill: Turn your oven into a Barbecue for tender grilled meat, fish or vegetables.
- material: enamelled steel
