

Product Features

30-Inch Masterpiece® Downdraft

Performance

Designed to create the ultimate cooking system with Thermador cooktops

Downdraft rises 15" to capture heat, grease and steam from pots

Powerfully Quiet® and efficient in operation at 1.5 sones on low speed

Engineered to allow for flexibility to exhaust at sides, front or rear

Sleek, removeable front filter panel that acts as a splatter shield

Grease mesh filters are dishwasher safe and easy to clean

Select the precise fan speed needed with four different settings

Automatic mode detects temperatures to adjust fan speed automatically

10-min delay shut-off ensure lingering odors are whisked away

Check filter reminder light illuminates after 40 hours of operation

Blowers sold separately and required to complete installation

Recirculation kit available, use with induction/electric cooktops only

Replacement charcoal filters for recirculation kit sold separately

Gas cooktop seal kit required to use with gas cooktops, sold separate

Design

Design match to Thermador Masterpiece Series cooktops

Suitable for wall or island applications

Authentic, brushed stainless steel finish

Sleek, smooth touch control make cleaning easy with a damp cloth

Designed to allow for flexibility to exhaust at sides, front or rear

Some blower positions may need deeper cabinets. See installation guide

Additional accessories may be required for installation, see manual

Notes: Please refer to installation instructions. Installation instructions are available at www.thermador.com. Specifications are correct at the time of printing. Thermador reserves the right to change product specifications and design at any time, without notice.
